Angels and Humans Work As A Team for Expansion of Human Consciousness!

Blessings to you, sweet friends! We all know and feel we are in a time of dynamic change as we reveal and ignite the conscious sharing of our Divine Essence. Thanks to Metatron, head of the Arch Angels, and Carol May's new angel book, *Working with Angels in Everyday Life*, we now have a name for this change--the Lotus Grid Unfoldment.

Mark your calendar for the 09-09-09 Worldwide Fourth Annual Lotus Grid Celebration which offers an opportunity to join the angels in anchoring Pure Love and Creativity on the planet.

The Lotus Grid is a previously invisible, personalized planetary chakra that was imbued before birth in each of us, that is now being opened like a flower, in each of us, between Sept 2006 and November 11, 2011.

This Lotus Grid is introduced on pages 34 and 35 of Carol May's new Angel book, *Working with Angels in Everyday Life*, as readers are invited to participate and/or lead an annual Lotus Grid Opening Celebration. The goal is to guarantee us access to what Metatron insists is our birthright: to know and easily relate--intradimensionally--to our spiritual helpers, our own soul, even our soul agreements for healing and harmony. Anchoring the Pure Love energetic over 51% guarantees us access to this birthright.

Are you ready to participate? to acknowledge your own part in the destiny of planet earth? The more you know about your own divine self and your gifts, the better. Will you celebrate the next planetary Lotus grid opening on 09/09/09?

Remember your celebration can be any way you want it to be—have fun, feel blessed and enjoy. There are meditation CD's, affirmations and suggestions from Metatron to assist and inspire you. There are no "shoulds" here, we just want to be as lovingly conscious as possible and feel our connection to the angels and one other. **All actions taken under this intention are sacred and exquisitely magnetic!!!**

IMAGINE your own Divine Lotus Self waiting to express and experience in human form like never before. You've known it and felt it, hoped it was truly there, serving you. Now we 'name it and claim it' into action.

METATRON proudly reports that the initial planetary lotus grid opening of Sept 24 2006 was a resounding success through all the dimensions. Through our expansion of consciousness and all of the celebrations...

YOU CAN CELEBRATE all alone or join in a group celebration or lead a group celebration. Call Carol: 904-697-7744 to lead a group (leave your name, add. and phone no. and where you will celebrate to receive support materials).
